# Aubrey Elementary Term 1 Kindergarten Learning Snapshot 2017-2018

Name \_\_\_\_\_

"Me and \_\_\_\_\_ were playing a dot game and it was really funny!"

\_\_\_\_\_ is meeting expectations for children her age in all curricular areas this term. She is settling well into our classroom community. \_\_\_\_\_ has an AIP.

Dear \_\_\_\_\_:

We appreciate how kind you are and how quickly you have made friends. You are willing to share your ideas during our class discussions. You are curious about the world around you and you ask some excellent questions. We appreciate your creativity and enjoy listening to your stories. You take pride in your work and are interested in art and make-believe activities. You are interested in reading and writing and have readiness skills. We recognize that you have the potential to be an excellent leader in our class. We encourage you to share your ideas with more of your peers.

\_\_\_\_\_ 's Reflection:

When \_\_\_\_\_ looks at her portfolio she notices that she is "special because [she] saw a picture of [her]." \_\_\_\_\_ notices that she is strong at "playing and drawing." She recognizes that when she is faced with a challenge she can "ask for help." \_\_\_\_\_ tells us that her "new ideas come from other people and then [she] makes something else." When reflecting on our class charter, \_\_\_\_\_ says that she is good at "walking in the school" and would like to work on "cleaning up the class materials." \_\_\_\_\_ believes that the gift that she shares with our classroom community is "helping other people with drawing."

## Goals

1. Continue to work on reading readiness skills
  - We will continue to explore letters, words, and stories in meaningful ways at school
  - At home your parents can continue to read with you daily
2. Sharing more ideas with your peers during class discussions
  - Your teachers will encourage you

### Portfolio Guiding Questions for Parents: Term 2

This is a new portfolio for your child with their Term 2 work. We have also included their term one portfolio as well so that you can notice your child's growth. We have reviewed the portfolio with your child at school in preparation for the upcoming three-way conferences. The students have noted when they have used the core competencies (thinking, social/personal, and communication) with our support. Our goal is to celebrate all that the students have accomplished this term and to make visible the growth that has taken place. As we go through the portfolios we notice each child's strengths and interests and possible goals for term 3. We also gain insight into where our teaching may go next. Please take the time to go through your child's portfolio with them over the weekend and answer the following questions. **Please bring both the completed question page and your child's portfolio back to school on Monday so that we can use this for your child's three-way conference.**

1. When I read my child's portfolio I noticed ....
2. I am most proud of...
3. One area of growth I noticed was...
4. One goal that I have for my child for next term is...
5. Ways that we can support at home are ...

# creative packs

school supplies, simplified.

## How Our Program Works

### STEP 1: Updating Supply Lists

- Creative Packs will send you last year's supply lists as working drafts in January or February for your teachers to edit and revise for the upcoming year.

### STEP 2: Revisions & Finalizing Forms

- After revisions are made by the teachers, email your lists back to us and we will update them. If there are more changes to make, we will repeat this process until you are satisfied with your lists.
- Final lists will be sent back to one coordinator to verify our updates and authorize. Please note that at this stage, final lists are not intended for teachers and further changes.
- Approved supply lists will require a signature, date and a number of printed order form copies you require.
- Lastly, Creative Packs will contact you to further discuss any relevant information such as order form due dates, delivery, and shipping instructions.

### STEP 3: Order Forms

- Creative Packs will print and courier your order forms for distribution.
- Parents have the option to complete the order form and send it back to the school or purchase directly online.
- Creative Packs will pick up all parent completed order forms on your pre-arranged date.
- To make your job easier, we take care of all payments, discrepancies and communication with parents.

**NOTE:** For qualifying schools, promoting parents to order online means your school can enjoy the benefit of obtaining significant reward dollars. These dollars are in a form of a Voucher that can be used to purchase additional office & art supplies from Creative Children.

### STEP 4: Pre-Delivery

- If your school chooses school delivery, your packs will be shipped on pallets to the school on your pre-arranged delivery date.
- If your school chooses home delivery, packs will be shipped to the student's home address. This method will include a shipping fee.

### STEP 5: Post-Delivery/Notes

- Creative Packs ordered after the school's orders have been packed will be shipped directly to the student's home address. A shipping fee will be applied.
- Please direct parents to us to handle supply pack orders, questions, and issues.
- Fundraising Cheques and Rebate Certificates will be issued in October or November.
